

connectED

Learn English. Speak with the world.

A global platform connecting
English learners for real
conversation, consistent practice,
and confidence in speaking.

1.8 BILLION

English language learners worldwide

English learners have access to instruction.

**What they lack is consistent,
real-world conversation.**

PROBLEM

Years of study does not always yield fluency.

Learners need consistent, real-world conversation to build confidence and fluency.

01 Limited Speaking Practice

Instruction often emphasizes learning about English over actually speaking it.

02 Limited Access to Partners

Finding appropriate conversation partners can be difficult.

03 Fear of Making Mistakes

Anxiety can prevent learners from practicing with others.

04 Lack of Consistency

Without regular conversation, speaking confidence is difficult to build.

SOLUTION

Turn English learning into English speaking.

connect-ED creates a structured path from independent learning to consistent, real-world conversation with other learners.

01 Practice

Build speaking skills through practical, everyday English.

02 Connect

Match with other learners for real conversation.

03 Build Confidence

Gain the comfort and lose the fear and anxiety.

04 Make Practice a Habit

Develop fluency through consistent speaking practice.

PRODUCT

Technology prepares learners. Human connection builds fluency.

A personalized path from independent practice to real-world conversation.

PRODUCT

Technology supports the learning. People bring it to life.

One connected experience combines independent practice, intelligent matching, and real peer-to-peer conversation.
